MAHARASHTRA.

This is to convey the State Election Commission's and my own appreciation of the excellent work done by your team for developing, providing and implementing the Web based solution for bifurcation & preparation of ward-wise draft and final Photo Electoral Rolls based on the Election Commission of India (ECI) Voter List Database as subsequently revised by the Electoral Registration Officers and the Election Management and Statistical reporting modules.

Preparation of web based ward-wise voter lists for each tier of Panchayati Raj Institutions i.e. 33 Zila Parishads, 295 Panchayat Samities and 9900 Village Panchayats having 3.27 crore voters and 46 Urban Local Bodies having 63 lac voters was undoubtedly huge, complex and challenging to be completed and implemented in a tight time schedule. The delay in delimitation of Wards further made the time schedule extremely tight and all the more challenging. This is indeed highly satisfying and heartening that your team worked day and night and completed the task not only in time but also efficiently and effectively to our entire satisfaction. All your team members were technically proficient, exhibited high degree of sincerity of purpose, responsiveness and perseverance while completing this high pressure job without which perhaps it would have been difficult to hold the elections in time.

I would like to place on record appreciation of the excellent work done by the team of Ultimate Information Technology Pvt. Ltd., Pune.

With best wishes,

Yours sincerely,

  
(Ram Lubhaya)
